GEORGE H. SCATTERDAY  
6/70

At the conclusion of this Agent's training period, Mr. Clegg stated that he possessed an excellent personality and appearance, being neat in dress and athletic in build; that he made better than average grades in the course material, he should make a good contact man and would develop into an above average Agent.

RECORD IN GRADE CAF-9, \$3200: On 9-22-42 he was assigned to the San Francisco Office. On 11-6-42 SAC Pieper rated him GOOD and said he had a good knowledge of the duties he performed and applied to his work the education and training he had received, was alert, used good judgment, analyzed his assignments carefully and organized his work well for an Agent of his limited experience, his investigations reflected a satisfactory degree of initiative and resourcefulness, his reports had been average and he required only normal supervision; that he presented a mature businesslike personal appearance, possessed a pleasing personality and disposition, performed a satisfactory amount of overtime and was a sincere, conscientious and loyal employee.

On 1-20-43 SAC Pieper again rated him GOOD and stated he had continued to work hard and had applied himself well, his investigations had been of good quality and he had performed a better than average volume of work, his proficiency in dictation had been rated by stenographers as excellent for a new Agent; that he made a very good impression and was an excellent witness and with further training and experience he would readily develop into a very good Agent.

On 1-24-43 he was transferred to the Los Angeles Office. In an annual efficiency report dated 5-15-43, SAC Hood rated this employee as GOOD and stated he had been assigned to a technical surveillance which he handled in an above average manner; that he was accurate, exercised good judgment, was alert, had a better than average understanding of technical equipment for one who had not received specialized instruction, possessed ability to organize his work without close supervision and it was believed he may possibly possess supervisory ability; that he could be utilized on dangerous assignments and it was believed his all-around prospects for development were better than average.

On 7-16-43 he was reallocated to Grade CAF-10, \$3500 per annum.

RECORD IN GRADE CAF-10, \$3500: During an In-Service Training in July and August, 1943, he was interviewed by Mr. Rogers, who said, he made an excellent appearance, was mature, seemed to be of above average intelligence, and gave the impression as having possibilities for becoming an excellent Agent, he had been only in the service one year but it was recalled he was one of the outstanding men in his class as a trainee, it was believed he had supervisory and administrative ability which could be utilized to the Bureau's advantage, and he was very well pleased with his assignment.

On 3-31-44 SAC Hood rated him VERY GOOD and said he gave the impression of being forceful, intelligent, was willing and accepted his assignments with the impression that he would do a good job, he had a better than average knowledge of the use of technical equipment, although he had had no special training, due to the nature of his assignment, he had not testified in that district but it was noted the U. S. Attorney at San Francisco stated he had made a good impression and was an excellent witness in Federal Court, his dictation was rated as excellent and no constructive criticisms were made concerning him, his firearms scores had improved to slightly better than average, with the exception of three months on

a technical surveillance, his work during the period had been exclusively work involving the Communist Party, he had been assigned, with another Agent, to an area almost wholly inhabited by Negroes, that racial distinction had made his work more difficult, but through informants and physical surveillances, he had done very good work and obtained good information, had worked without much supervision, his reports had been entirely satisfactory, he had opened new cases on his own initiative, and it was felt he would advance in the Bureau's work to become a better than average employee.

By letter dated 6-21-44 SAC Hood recommended that this Agent's grade and salary be advanced to Grade CAF-11, \$3800, per annum.

On 7-19-44 SAC Hood rated him VERY GOOD and said he presented an extremely nice appearance, possessed a medium heavy build, presented a mature appearance together with a pleasing and cheerful personality, possessed more than the average amount of aggressiveness, was willing to accept any type of assignment, doing so with the impression that he would do a good job, he prepared his work in a very good fashion, was capable of speaking Spanish, it was felt he could be able to get along on his own in any Spanish speaking country, it was believed he could be used on dangerous assignments, as he had shown himself able to follow orders, his investigations had been particularly in connection with the Negroes and with the American Youth for Democracy, an organization affiliated with the Communist Party, he had done some very good work in connection with Negro investigations, which, because of the differences in race, was somewhat more difficult than the usual type of investigation, his work was done with scarcely any supervision, reports had been entirely satisfactory, the volume of work turned out by him had been somewhat above the average, he had kept the case delinquencies low, he was recently given one days' experience on the Communist desk and had handled the work very satisfactorily considering he had never done any desk work before, in view of the manner in which he handled his own cases he undoubtedly possessed some supervisory ability, and it was felt he gave every impression of being a loyal employee of the Bureau who should continue to advance in the service. On 9-1-44 he was reallocated to Grade CAF-11, \$3800 per annum.

RECORD IN GRADE CAF-11, \$3800: During an inspection of the Los Angeles Office in November, 1944 the Inspector (A. C. Schlenker) said he had a very good appearance, was clean-cut, had an assured manner, and a genial disposition. He discussed his assignment with unusual competence, which was a clear indication he was familiar with the work he was doing, and was interested in his assignment. He exhibited enthusiasm, aggressiveness, and a genuine desire to advance. He showed promise and should continue to progress. Status: VERY GOOD.

On 3-31-45 SAC Hood rated him EXCELLENT and said he made an excellent appearance, was active, alert, in good health, and gave the impression of being able to handle himself in any situation. He had a fine personality, was affable, and created a distinctly favorable impression in his contacts. He was aggressive, forceful, a very hard worker, and was extremely cooperative and willing to undertake any task, and was well liked by other agents. He was rated as a very good witness, an excellent dictator, and he handled himself very well on the range and it was felt that he would be an excellent man on dangerous assignments because of his demeanor and dependability. His reports were thorough, and his work had required a very minimum of supervision, he was better than average in the development of confidential sources. His work was above the average and his attitude indicated it should continue to be so. Based on the handling of his own cases on his own initiative, he undoubtedly had administrative and probably some supervisory ability.

Mr. Carlson interviewed him during In-Service in May and June, 1945 and said he made an unusually good appearance, had a very pleasant smile and congenial personality, should make a good contact man and he was in his second office of assignment. As a result of an increase in basic salaries effective 7-1-45 his salary in Grade CAF-11 was increased to \$4300 per annum.

On 1-14-46 his SAC advised the Bureau that he was one of the better possibilities for SAC material.

On 3-10-46 his salary in Grade CAF-11 was increased to \$4520 under the provisions of the Uniform Promotion Act.

On 3-31-46 SAC Hood rated him EXCELLENT and said he made an excellent personal appearance, was an extremely hard worker and often contributed much of his own time in order to further his investigations. He possessed initiative, force, and aggressiveness sufficient to meet the requirements of any type of assignment and could be depended upon to uphold his share of the work until the job was completed. He had shown genuine interest in his work and an all-round good knowledge of Bureau policy, and he was regarded as distinctly loyal and sincere. He was rated as an excellent dictator, had a good practical working knowledge of the Bureau's sound equipment, he was rated very good as a witness, had operated successfully on physical surveillances and was qualified for assignment to raids and special details having an element of danger. His work had been consistently above average both as to quality and quantity, he had served as relief supervisor and had shown adequate supervisory ability and the knack for directing the efforts of other agents. He was intelligent, industrious, and familiar with the Bureau policy. As a result of an increase in basic salaries effective 7-1-46 his salary in Grade CAF-11 was increased to \$5152.80 per annum.

On 7-12-46 his SAC recommended that he be considered by the Bureau for reallocation to Grade CAF-12. It was recommended that another report be submitted at a later date.

On 9-4-46 SAC Hood rated him EXCELLENT and he was very well equipped and an excellent representative of the Bureau, he was well grounded in Bureau policy and discipline, took a sincere interest in his work as an Agent and was definitely loyal to the organization. He was intelligent highly industrious and it was believed possessed the force, initiative, and aggressiveness to cope adequately with any type of Bureau assignment. He had done exceptionally well on Communist type cases, had served as relief supervisor on Communist desk and had proven adequate in an administrative capacity. He was an all-around Agent who had done above average work consistently and he was regarded as one of the most dependable men assigned to this office. On 10-6-46 he was reallocated to Grade CAF-12, \$5905.20.

RECORD IN GRADE CAF-12, \$5905.20: During an inspection of the Los Angeles Office in February, 1947, the Inspector (SA Hawkins) said he had a good personality, good physical appearance, was mature, had a good knowledge of the Bureau's work and appeared loyal and alert. He had an excellent attitude, stated he was happy in this office and was buying a home in Los Angeles.

On 3-31-47 SAC Hood rated him EXCELLENT and said he had continued to maintain an all-round record on an above average plane of efficiency. He handled his work on his own initiative and responsibility, was always willing to cooperate with a fellow Agent and his supervisor and he could be depended upon to uphold his end of any joint venture or assignment. He

evaluated well information secured from confidential sources, his paper work and reports generally left nothing to be desired and rarely necessitate any correction. He had gained considerable supervisory experience, had proven himself adequate, and it was believed he would make a satisfactory Bureau supervisor.

By letter dated 6-14-47 his SAC listed him along with a list of other Special Agents in the Los Angeles Office who might be considered on a long range basis for development as SAC's.

On 8-1-47 SAC Hood rated him EXCELLENT and said he made an excellent personal appearance, was mature, intelligent, and exercised good judgment. He had a pleasant personality, was affable, and created a distinctly favorable impression in his contacts; he was aggressive, forceful and a very hard worker; he was extremely cooperative, sincere and conscientious; he showed great interest in his work, a very good attitude and very good industry; he showed that he was entirely adequate on physical and technical surveillances and took part in several highly confidential projects which called for good judgment and accuracy; he had very good ability with the Bureau's photographic equipment, which he had used to good advantage in his investigations; he had in the past developed and made good use of confidential informants; he handled a good volume of investigative assignments with a minimum of supervision; he was a relief supervisor on the Communist desk, in which capacity he functioned very well; he had been assigned to the General Criminal Squad and his adjustment to work on that squad was very rapid and his volume of work had been above average, requiring minimum supervision. His reports had been accurate as to form and content; he had displayed initiative and resourcefulness in the handling of his work and was very accurate as to details; he had shown an excellent knowledge of Bureau policy and practices as applicable to his work and he accepted responsibility, was dependable and discharged his duties with minimum supervision. He was rated as an excellent dictator; his firearms scores were above average; he had completed a special photographic training course given in that office and was better than average in the use of the camera and related equipment; while not a qualified sound man, he was better than average in the use of the Bureau's sound equipment; and the work of this agent was above average and his attitude indicated that it should continue to be so. Based on the handling of his cases on his own initiative, his ability to organize his work, and his work as a relief supervisor, he had displayed supervisory and administrative ability. On 8-8-47 he was transferred to the Security Division at the SOG.

By letter dated 12-3-47 the Director commended him for his untiring efforts and devotion to duty which he displayed in working on Thanksgiving Day in order to assist in the preparation of certain data in the Internal Security Section.

On 3-31-48 Mr. Baumgardner rated him EXCELLENT and said he was currently assigned to the desk handling Internal Security C and R organizations, and in this connection he handled the supervision of Communist Front organizations which included scientific, radio, publishing, Soviet propaganda and motion picture groups. He presented a pleasing personality and made an excellent appearance. He was a conscientious and loyal Bureau employee, was industrious and intelligent and used good judgment in the handling of the work assigned to him, his services in the Internal Security Section had been quite satisfactory in every respect and it was definitely believed that he was potential SAC material.

In March, 1948, Mr. Baumgardner listed him among a list of other Agents in the Internal

Security Section who he believed should be considered on a long range basis for development as Special Agents in Charge.

During the Inspection of the Security Division in April, 1948, the Inspector (J. A. Carlson) said he presented a very good appearance and had a very likeable personality. He gave the impression of being particularly adept at getting along with people, he was sincerely interested in his work and was undoubtedly doing a very commendable job.

He was afforded a Uniform Promotion to \$6144.60 per annum, effective 4-18-48, and on 7-11-48 he received a basic salary increase to \$6474.60 per annum.

He attended In-Service Training from 8-23 to 9-3-48. He was also afforded Inspectors' Aide Training at this time which qualified him to assist on inspections.

By letter dated 12-14-48 Mr. Fletcher listed him 16th in a list of 25 Agents in the Internal Security Unit who could be considered on a long range basis for development as Special Agents in Charge.

On 3-31-49 Mr. Baumgardner rated him EXCELLENT and said he had accumulated a vast store of knowledge regarding Communist Front organizations and he utilized this knowledge which was so necessary in the proper supervision of the cases assigned to him. He possessed a complete knowledge of Bureau policies and had demonstrated his ability to apply those policies to his assigned duties. His instructions to the field were prepared in a clear, concise manner and all his memoranda were prepared in an above average manner. He had used considerably more than average initiative in organizing his work and he accepted responsibility without hesitancy and discharged that responsibility with a minimum of supervision. His physical condition was such that he could function properly on any type of assignment and he was available for transfer on either special or general assignment anywhere his services might be needed by the Bureau; he presented an excellent appearance, dressed neatly, had a pleasing personality, made friends easily and was well liked by the other employees in the Section; he was altogether an intelligent, industrious, conscientious and extremely loyal Bureau employee and in his efforts to maintain the work assigned to him in a current status he had worked without regard for his personal convenience; he had, on occasion, acted as relief on the Number One Desk in the Internal Security Section and had demonstrated beyond any question that he possessed administrative ability; his services in the Section had been most satisfactory in every respect; and he was definitely potential SAC material.

During the Inspection of the Security Division in June, 1949, Inspector Gurnea said he presented a mature, businesslike appearance, dressed neatly and appropriately, had a very good personality and appeared to be very much at ease during the interview. He no doubt had an ability to make contacts and develop new friends rather easily. He (Scatterday) stated there was a considerable amount of backlog on his desk although the current matters were being handled currently. It was believed that he was a satisfactory Supervisor.

By letter dated 8-3-49 the Director commended him for his unselfish action in deferring his vacation in order that a memorandum of importance to the Bureau might be expeditiously handled. The Director stated that he wanted to express his sincere appreciation for the fine spirit and devotion to duty manifested by him in this instance and wanted him to know that he (the Director) was aware of his splendid service.

By memorandum to Mr. Ladd dated 10-26-49, Mr. Baumgardner recommended him for consideration

for promotion to Grade GS-13. He stated that he was currently supervising the cases relating to Communist Front organizations and had exhibited considerable initiative. He knew Bureau policy and had exercised good judgment at all times in applying that policy to his assigned duties; he demonstrated his ability to handle a large volume of work accurately and efficiently; and in addition to the careful supervisory attention he afforded his cases, he had also prepared numerous involved and highly important memoranda for the Director, such as a recently completed memoranda regarding the Motion Picture Industry and Communist Infiltration into the Radio Industry. He made an excellent personal appearance, he was considerably above average as a Bureau Supervisor and was well qualified to handle the most complicated investigative matters referred to the Bureau for attention; his physical condition was such that he could function satisfactorily on any type of assignment either in special instances or for routine work anywhere his services were needed; he had been rated as Excellent on his last 5 annual efficiency ratings; he had been recommended several times for consideration on a long range basis for development as an SAC; and he began his services as a relief Supervisor about July, 1946, until his transfer to the SOG as a regular Supervisor on 8-8-47.

On 10-30-49 he received a basic salary increase to \$6600 per annum, and a Uniform Promotion to \$6800 per annum in Grade 12.

On 10-24-49 Mr. Ladd advised Mr. Glavin that this Agent had assisted Mr. Winterrowd in reviewing and approving mail, he was of valuable assistance in expediting the heavy flow of mail which passed through the office, his work reflected that he had a good knowledge of Bureau policy and procedure and he was constantly alert to the Bureau's best interest. He had assisted in Mr. Ladd's Office for slightly over two months and during this time he steadily increased in his ability to enhance the rapid flow of mail which was highly important in light of the great volume received.

On 11-14-49 he was considered for Grade 13 reallocation, but was passed over at that time in view of the fact that he had not had three years continuous supervisory duty nor ten years service as an Agent.

On 3-31-50 Mr. Baumgardner rated him EXCELLENT and said that he was assigned to the desk which handled Communist Front organizations as well as Nationalistic organizations (Domestic). He presented an excellent appearance, he was intelligent, industrious, conscientious and extremely loyal to the Bureau. He possessed sufficient force and aggressiveness to carry out any assignment which might be given him. He had accumulated a wide knowledge regarding Communist Front organizations and in his approach to his current assignment utilized this knowledge to the best advantage. He had an excellent over-all knowledge of Bureau policy and procedure, he organized his work in such a manner that his desk operated in a most efficient manner, he was a very good dictator, and his memoranda were clear and concise. He accepted and discharged responsibility with an absolute minimum of supervision. He had, on occasion, acted as Relief Supervisor on the Number One Desk in the Internal Security Section and had clearly demonstrated that he possessed administrative ability; his services in the Section had been most satisfactory

from every standpoint. His physical condition was such that he could function properly on any assignment, he was available for special or general assignment, he possessed both administrative and executive ability, he was ASAC material and it was felt he should be considered on a long range basis as potential SAC material.

On 4-17-50 a letter was directed to him advising him that the Bureau had given careful consideration to all of the facts submitted in connection with his handling of a communication received by the Department from Alfred Kohlberg and referred to the Bureau by the Department. (It is noted that Kohlberg stated that should the Attorney General contemplate investigation of any of five named organizations, Kohlberg would be glad to make available his material). With respect to this matter, it was apparent that a letter of 7-1-48, which was prepared by this Agent and directed to the SAC in New York, was clearly inadequate in that it failed to definitely instruct that office concerning action to be taken in the matter. Certainly, in view of all the circumstances, Kohlberg should have been interviewed. It was deemed advisable to call his attention to this matter and to caution him regarding the necessity of giving more careful attention to the handling of matters under his supervision and to issuing appropriate instructions to the field in clear and unequivocal language so that there could be no possibility of misunderstandings.

On 7-21-50 Mr. Ladd advised Mr. Glavin that this Agent, who was used as a relief supervisor assistant in Mr. Ladd's Office served full time in that capacity from 6-26, through 7-7-50, in the absence of Agent Winterrowd. Mr. Ladd felt that he would be remiss if he did not advise of the outstanding manner in which he performed his duties, he was above average in intelligence, had a splendid knowledge of Bureau policy, he exercised unusually good judgment, and his work during the period above referred to was outstanding.

By memorandum dated 8-7-50 Mr. Baumgardner stated that he would have completed three years of continuous service as a Supervisor on 8-8-50, and during that time had received Excellent annual efficiency ratings. He had accumulated a wide knowledge regarding Communist Front organizations and in his approach to his current assignment utilized his knowledge to the best advantage. He had an excellent over-all knowledge of Bureau policy and procedure and had demonstrated that he possessed a clear understanding of how that policy should be applied to the problems which confront him in his every day duties. He exercised good judgment at all times and in addition to supervising a large volume of investigative cases had prepared numerous involved and highly important memoranda for the Director. In addition to his supervision of cases on the Communist Front Desk, he had also the duties of Relief Supervisor to the Assistant in Mr. Ladd's Office and he had carried out these duties in a most satisfactory manner. He was qualified to handle the most complicated matters referred to the Bureau for attention, his physical condition was such that he could function satisfactorily on any assignment, and he was available either in special instances or for routine assignments anywhere his services were needed. Mr. Baumgardner recommended,

and Mr. Belmont concurred, that he be considered for reallocation to Grade 13. Mr. Baumgardner added that he was one of the better Supervisors assigned to the Internal Security Section and was performing satisfactorily in every manner. He definitely should be considered on a long-range basis for development as an SAC. Mr. Ladd concurred.

In August, 1950, he was considered for reallocation to Grade GS-13, but was passed over in view of the 4-17-50 administrative action taken against him.

In September, 1950, he was recommended on a long-range basis for development as administrator and executive in the Bureau.

In a memorandum to Mr. Belmont dated 11-14-50, Mr. Baumgardner said he again recommended Agent Scatterday for promotion to GS-13 in view of the satisfactory manner in which he had handled his assignments as a Supervisor. Mr. Baumgardner also advised that the daily average overtime worked by Agent Scatterday for the month of August was 1 hour 33 minutes, for September 2 hours 34 minutes, and for October 2 hours 9 minutes. He worked an average of 2 hours 5 minutes per day during the months of August, September, and October. Average office overtime for the Special Agent Personnel for the Internal Security Section for the month of October was 1 hour 28 minutes. Mr. Ladd concurred.

During an inspection of the Internal Security Section in November, 1950, Inspector Belmont rated him EXCELLENT. Inspector Harbo said he was above average in personality, was intelligent, alert, and made an excellent impression during interview. He had been assigned to the Communist Front desk since October, 1947, prior thereto he worked for 3½ years on security investigations in the field and during one year of that time served as relief Communist supervisor in the Los Angeles office. He showed a strong interest in the work and impressed Inspector Harbo as definitely above average. Mr. Harbo believed he was qualified to serve as ASAC in a small office. He was rated excellent in dictation ability.

On 12-10-50 he was reallocated to Grade GS-13, \$7600 per annum.

His overtime for October, 1950, was 2 hours 09 minutes, for November was 2 hours 51 minutes, and for December was 1 hour 54 minutes. The Office overtime for October was 1 hour 02 minutes, for November was 2 hours 15 minutes, and for December was 2 hours.

On 3-31-51 Mr. Baumgardner rated him SATISFACTORY and said that he had been assigned as a Supervisor to the Internal Security Section since 8-11-47 and he was currently assigned to the Communist Front Desk. He was an extremely conscientious and tireless worker who voluntarily contributed a great amount of overtime service for the Bureau, he possessed excellent judgment, he had far above average knowledge of Bureau policy and procedure, and he handled all work coming across his desk in an eminent fashion. His work required practically no supervision, he was an excellent dictator, and he was capable of handling the Bureau's most complicated investigative assignments. He was in good physical condition, he was available for general or special assignment, and

he was ASAC material at this time and had definite potentialities as a future SAC. He easily was rated as one of the better Supervisors in the Section. He was used as a Relief Supervisor in Mr. Ladd's Office on a full-time basis from 6-26 through 7-7-50, at which time he performed his duties in an outstanding manner. Mr. Ladd stated that this Agent was above average in intelligence, he had a splendid knowledge of Bureau policy and exercised unusually good judgment, and he was rated as an excellent dictator. He was an extremely hard working, alert, intelligent, far above average Bureau Supervisor; consequently, in spite of the fact that he received a letter of caution during the rating period, Mr. Baumgardner felt he was entitled to the adjective rating of Satisfactory in the upper limits.

In April, 1951 he was recommended for consideration on a long-range basis for development as an administrator and executive in the Bureau.

On 7-8-51 he received a basic salary increase to \$8360 per annum in GS-13.

On 9-5-51 he was designated Assistant to Mr. Ladd, and transferred to Office of Assistant to the Director.

By memorandum dated 9-11-51 the Director advised that he saw Agent Scatterday on 9-10-51 and that he discussed with Mr. Scatterday the general problems of his office and the challenge which he would take up in assuming his new responsibilities. The Director referred particularly to the necessity for a tightening up and firm handling of the duties. He mentioned the fact that he deplored any attitude of a so-called "hen and chicken complex" meaning the tendency to immediately try to justify mistakes that are made rather than recognize those mistakes and take steps to prevent a recurrence. The Director further advised that Mr. Scatterday seemed to have a good outlook on his work and the Director believed he would take hold of his new position with enthusiasm.

By memorandum dated 10-12-51 Mr. Ladd recommended that he be considered at this time for promotion to Grade GS-14.

On 10-28-51 he was reallocated to GS-14, \$9600 per annum.

On 3-31-52 Mr. Ladd rated him SATISFACTORY and said he had been in his present assignment since September, 1951. Prior to that time, he had acted in a relief capacity in that same work, in addition to handling his duties in the Internal Security Division. He presented a good appearance, was possessed of an excellent knowledge of the Bureau's policies, was very thorough in his work and possessed exceptionally good judgment. He was considered qualified at that time to run a small field office. He was a very willing, conscientious hard worker, was extremely loyal to the Bureau and was interested in advancing in the Bureau's service. He was available for special and general assignment.

His daily average overtime for March, 1952 was 2 hours 41 minutes.

By letter dated 6/20/52 he received his Ten Year Service Award Key.

His overtime average for August, 1952 was 2 hours 15 minutes.

He had been of tremendous value to the Bureau in his position, in Mr. Ladd's opinion, and had handled his work in a highly commendable manner. He was possessed of mature judgment, had a keen, analytical mind, an extreme interest in his work, and he devoted long hours to his work and was always willing and pleasant about handling any assignment. He was considered one of the better agents of the Bureau and it was felt sure he could handle any administrative position. In Mr. Ladd's opinion he was qualified to handle the position of Special Agent in Charge of a small field office at this time. In a separate communication Mr. Ladd recommended that he be reallocated to GS-15.

On 4-12-53 he was reallocated to Grade GS-15, \$10,800 per annum.

On 4-16-53 the Director saw Agent Scatterday who called to express to the Director his appreciation for his recent promotion to GS-15. He made an excellent appearance, seemed to be mature, and interested in his work. The Director believed he had possibilities for advancement.

His daily average overtime for April, 1953 was 2 hours 57 minutes.

By letter dated 11-18-53 SA Scatterday expressed kind remarks in connection with the Director's appearance 11-17-53 before the Jenner Committee. SA Scatterday expressed to the Director his personal congratulations for the wonderful presentation the Director made of the Bureau's position and responsibilities in connection not only with the Harry Dexter White case, but with regard to the protection of the internal security of this country. Scatterday also stated that the Director's testimony should leave no doubt in the minds of the people of this country as to the proper discharge by the FBI and the Director imposed in matters so vital to the security of the country. By letter dated 11-19-53 the Director expressed his appreciation to SA Scatterday for his kind comments relative to the Director's testimony before the Jenner Committee.

By letter dated 12-8-53 he was CENSURED inasmuch as he recently reviewed and approved a memorandum to the Attorney General which had been prepared by a supervisor of the Investigative Division in connection with the Obstruction of Justice - Bribery - Conspiracy investigation regarding Eugene Smaldone, and others. Although considerable public attention had been directed to this investigation and certain officials had publicly made unjust adverse comments against the Department of Justice in connection with this case SA Scatterday failed to detect that the memorandum in question did not set forth clearly pertinent information reflecting the true picture of the important participation of this Bureau in the Smaldone investigation

when those particular facts should have been the very essence of the communication.

On his 1954 annual performance rating Mr. Ladd rated him SATISFACTORY and said that he had been assigned to the office of the Assistant to the Director during the entire rating period. His judgment was excellent, he had a very keen mind, and he was able to think a problem through to a logical conclusion. He was industrious, a hard worker, and very loyal to the Director and to the Bureau. His services were considered as exceptional. He was unusually well qualified for administrative functions. In Mr. Ladd's opinion he could adequately step in and run a small field office as SAC. His work in the office had been by far the best of any assistant Mr. Ladd had had in the past. By memorandum dated 3-25-54 the Director advised that he was concerned about the delay which existed in answering a letter dated 3/8/54 from Congressman Jamie L. Whitten. This letter was received in the Bureau on 3/9/54 but a reply was not delivered to Congressman Whitten until 3/19/54. It was obvious that this matter did not receive the prompt attention that it deserved. The Director was more concerned, among other things, that SA Scatterday, by returning the document for redating without reading it substantially increased the delay involved in this instance. It was necessary that appropriate steps be taken to see that all mail was handled promptly and that special emphasis was placed on the prompt handling of mail received from Congressmen.

By letter dated 5-10-54 SA Scatterday expressed his most sincere congratulations to the Director on his Thirtieth Anniversary as Director of the Federal Bureau of Investigation. By letter dated 5-12-54 the Director expressed his appreciation for the kind sentiments SA Scatterday expressed to him.

As he was aware, memoranda relating to these broadcasts were to be given special handling, and as a result of his failure to impress this fact on the Special Agent Supervisor assisting him, the memorandum in question was not handled in the prescribed manner and was delayed in reaching the Director's Office.

By letter dated 2-23-55 he was CENSURED inasmuch as it had been noted that he recently approved certain instructions issued to the field regarding changes to be made in FBI reports which contained information supplied by Harvey Matusow, a former confidential informant, and in carrying out this responsibility he failed to see to it that changes were made in the highly undesirable manner in which amended pages of investigative reports were being placed in the files of the Department of Justice and other governmental agencies. He had advised that he was not aware of how such corrections would be handled by the Records and Communications Division but it was his responsibility to have known about such operations.

On 3-31-55 Mr. Boardman rated him SATISFACTORY and said he presented a good personal appearance and indicated a self-confidence which his work justified. He was very well versed on policy matters, was quite accurate and painstaking in his review of memoranda and other material crossing his desk, and considering the very substantial volume of mail which he handled, a very minimum of error was found committed by him. He was an exceptionally hard-working agent, who accepted his responsibilities cheerfully. He also reflected boundless stamina and an ability to work under pressure. He was capable in Mr. Boardman's opinion of performing the duties of SAC in one of the smaller Bureau field offices. He was available for special and general assignment.

It should be obvious to him that it was necessary to exercise the highest degree of care in reviewing official correspondence.

By letter dated 8-23-55 he was CENSURED inasmuch as he had been seriously at fault when he reviewed and approved a memorandum recommending certain administrative action because of errors discovered in a summary report submitted by the Los Angeles Division in July, 1954, in the Security Matter case relating to [redacted] Specifically, more than a year had elapsed following the date of the report without a final determination being made as to necessary administrative action because of the errors. In spite of this fact he approved a memorandum recommending no action against the Special Agent Supervisor who had supervised the case in the Internal Security Section. He should have readily recognized the seriousness of his dereliction in this matter and his failure in this regard was inexcusable. In view of his shortcomings in this case he would be expected to give more thorough and careful attention to such problems in the future and to see to it that an adequate analysis of the facts were made and appropriate recommendations submitted in every such case coming to his attention for review.

SUBJECT: ACCOMPLISHMENTS  
GENERAL INVESTIGATIVE DIVISION  
FISCAL YEAR 1970

This is to recommend the Section Chiefs of the Accounting and Fraud, Civil Rights, Criminal and Name Check Sections be commended and through them the personnel of those Sections responsible for their accomplishments during Fiscal Year 1970.

The Bureau recorded 13,245 convictions in Fiscal Year 1970 as compared with 13,166 in Fiscal Year 1969. All but about 12 percent of the convictions recorded in Fiscal Year 1970 were derived from cases supervised by the General Investigative Division.

30,599 automobiles were recovered in cases investigated by the FBI during Fiscal Year 1970 as compared with 29,220 during the prior fiscal year. The vast majority of these automobiles recovered were in cases supervised by the Criminal Section. Fines, Savings and Recoveries totaled \$410,974,099 or \$1.60 per appropriated dollar for Fiscal Year 1970 as compared with \$345,832,583 or \$1.57 per appropriated dollar during the 1969 Fiscal Year. It is noted that over 99 percent of the Fines, Savings and Recoveries are attributable to work handled by the General Investigative Division.

We handled in excess of 1,823,000 name check requests during Fiscal Year 1970. During the past Fiscal Year numerous specials were received requiring priority treatment, all of which were handled on an expedite basis.

REC-137

67-80005-2545

The Criminal Section supervised cases in which millions of dollars of stolen securities have been recovered, both in the United States and abroad. Arrests and convictions have included members of La Cosa Nostra. Several car ring cases have been investigated, one of which involved simultaneous arrests in several cities. Eighteen subjects have been indicted for violations of the Dyer Act. Fifteen individuals are awaiting trial in connection with a bank burglary case involving 40 burglaries committed in several states in which in excess of \$350,000 was taken.

Memorandum to Mr. DeLoach  
Re: Accomplishments - General  
Investigative Division

Eight convictions have been obtained as a result of our investigations in Interstate Transportation of Obscene Matter cases involving commercial-type cases. In addition, in excess of 15 individuals have been arrested.

The Accounting and Fraud Section, in addition to handling a high volume of work during the year, accounted for about 75 per cent of the total Fines, Savings and Recoveries recorded. It also handled such cases as the Yablonski murders; the [ ] Fraud Against the Government case wherein four individuals entered guilty pleas in connection with a scheme to defraud the Government of more than \$4,000,000 in connection with the production of rocket launchers for the Navy's use in Vietnam; the Bribery and Conflict of Interest investigation against former Senator Daniel Brewster and others; and various labor racketeering cases involving union officials and La Cosa Nostra members.

b6  
b7C

The Civil Rights Section handled a high volume of work during the year. Important highlights of their accomplishments include the conviction under Antiriot Laws of five militants involved in Chicago disturbances during the Democratic National Convention, the indictment of 12 national leaders of the Weathermen in connection with disturbances in Chicago in October, 1969, and the indictment of eight revolutionaries in Seattle in connection with an attack on the Seattle Federal Building in February, 1970. A Federal Grand Jury in Detroit is presently hearing evidence of a conspiracy to commit violence by some 20 leaders of Students for a Democratic Society.

A number of major Civil Rights investigations, including the disturbances at Kent State University, Jackson State College, and disorders in Augusta, Georgia, were supervised in the Civil Rights Section.

Indictments were returned against 12 law enforcement officers charged with brutality during disorders at Berkeley, California, and five officers in Paterson, New Jersey, charged with unreasonable force in arresting two seminary students. Eight officials of Seafarers International Union were also indicted for making illegal political contributions of more than \$750,000.

RECOMMENDATION: That Section Chiefs Charles ~~Boltz~~, Accounting and Fraud Section; Clement L. ~~McGowan~~, Civil Rights Section; Rex I. ~~Shroder~~, Criminal

This memo is to advise that I am scheduled to enter Doctors Hospital, Sunday, October 31, 1971, and am scheduled for surgery on Monday, November 1, 1971.

The purpose of surgery is for the removal of a dupuytren's contracture on my left hand. The surgeon has estimated that I will be away from work for two or three weeks.

The surgeon is [redacted], Washington, D.C. As a matter of interest, [redacted] (who is now in private practice) performed a similar operation on the same hand in August, 1968, when he was then in naval service at the National Naval Medical Center, Bethesda, Maryland.

By letter 5/15/72, SA Scatterday requested permission to retire effective June 30, 1972, and asked that Mr. Gray present his thirty-year Key if possible.

Mr. Gray stated, "I want to see Mr. Scatterday and present Key."

Scatterday's thirtieth anniversary, the date on which technically he becomes eligible for the Key, is June 22, 1972. This is also the date he intends to cease duty, using current accrued annual leave for the period between then and June 30. Under his present schedule, Mr. Gray will not be in the office June 22.

Mr. Scatterday plans to be at work on June 19, June 20, and June 21, as well as June 22. Mr. Gray could, if he desired, present the Key to Mr. Scatterday on June 19, 20, or 21. If this is not convenient, Mr. Scatterday will be available to come into the office at any time during the following week, in other words, on any date from June 26 to June 30 that Mr. Gray might select as a presentation date.

## RECOMMENDATION:

It is recommended that the attached letter be sent to Mr. Scatterday acknowledging his retirement request of May 15, 1972, advising that Mr. Gray will grant his request to personally present his thirty-year Key at a time to be set later.

**Purposes:**

- 1 - Obtain real, motivating reason for resignation
- 2 - Save a valuable employee if possible
- 3 - Serve as basis for (1) information supplied by Bureau upon request by State Unemployment Compensation Boards, (2) accurate analysis of turnover, (3) determining necessary or desirable organizational improvements, and (4) permitting a recorded recommendation regarding future reinstatement.

When and Where Conducted: As promptly as possible after receipt of resignation in adequate privacy with adequate time.

By Whom Conducted: Clerical employee - by immediate Agent supervisor; Agent - by SAC or in his absence by official acting for him.

Reasons Given for Separation: First, carefully weigh reasons for resignation shown in employee's letter and developed during exit interview to determine real motivating reason for resigning. If such reason was because of employee's desire to leave Bureau job, leave city where assigned, or otherwise just return home, execute a reason under Item A below. (For instance employee might show resigning to seek employment closer to home meaning motivating reason is to return home, not seek other employment.) If other, execute reason(s) under B. Explain all under Item L. Comments.

## RETIREMENT INFORMATION

Name:

George H. Scatterday

Date:

May 24, 1972

## APPLICATION

- ☒ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
- ☐ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

## DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

- ☐ Not applicable.
- ☒ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ 589.
- ☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ \_\_\_\_\_.

## ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, including 0 year, 8 months, 34 days of accrued sick leave, ☒ other civilian Government service and/or ☐ military service known to us, totalling 34 years, 9 months, 7 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement or for SA retirement cannot be made final until CSC has notified FBI of the approval of your application.

## SEPARATION FROM ROLLS

Since you ☒ will cease active duty ☐ ceased active duty on 6-22-72 your annuity will commence 7-1-72 immediately following the ☐ cease active duty date or ☒ expiration of current accrued annual leave on 6-30-72 earned through \_\_\_\_\_. Item B2 on application ☐ changed to ☐ should be changed to close of business \_\_\_\_\_.

If ☐ annual leave or sick leave was or will be used by you subsequent to \_\_\_\_\_ this may change the effective date of your retirement and shorten your total length of service. Bureau should be advised immediately of any such change.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number.
- ☒ Following your separation date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 6950. A deduction for Federal income tax has been made from this estimate.

The above annuity estimates are including the 4.8% cost-of-living increase effective 7-1-72.

**FEDERAL EMPLOYEES' GROUP LIFE INSURANCE**

- ☐ Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$\_\_\_\_\_.
- ☒ Records show you declined Optional Insurance but are covered by Regular Insurance of \$ 38,000.
- ☐ Records show you waived both Regular and Optional Insurance.

You may continue your group life insurance coverage following retirement or convert it to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to CSC and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age, beginning at \$2.82 monthly for persons under age 35 and ranging to \$41.17 monthly for persons age 60 or over. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. To retain the Optional Insurance requires no action, CSC will deduct the cost from your annuity. You must have had Optional Insurance for all of your service during which it was available (first offered in (1968) or for 12 years immediately before your retirement. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying CSC and still keep your Regular Insurance. Following retirement, double indemnity benefits concerning accidental death and dismemberment no longer exist for either Regular or Optional Insurance.

- ☐ You elected Optional Insurance on \_\_\_\_\_. If you desire to waive the insurance, you should submit SF-176. If you desire to convert the Optional Insurance, submit in duplicate a signed statement that you want to convert the Optional Insurance to an individual policy and wish to be informed how to do it.

**Note:** If the annuity of an insured retired employee is terminated under any applicable law or regulation, his regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

**DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE FILED:**

- ☒ No. Beneficiary will be in order of precedence used by U.S. Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☐ Yes; beneficiary designated as \_\_\_\_\_

This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

**FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM**

- ☐ Records show you elected not to enroll.
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
  - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
  - ☐ Comprehensive Medical Plan
  - ☒ Special Agents Mutual Benefit Association (SAMBA) (See information below on SAMBA Life Insurance)

Unless you cancel your present health benefits enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of SF 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

**SAMBA LIFE INSURANCE** - The life insurance you carry under SAMBA on yourself and dependents will continue in force until 1-10 or 7-10 coinciding with or next following the date of your retirement providing you pay the premium semi-annually. However, if premium for this coverage is withheld by payroll allotment, the life insurance ceases as of the date your separation for retirement becomes effective, with a 31-day grace period. If you desire to continue the protection beyond this time, you may do so without a physical examination on you, your spouse, and children under age 21. You may elect to continue to age 70 at group rates 50% of the life insurance on you, your spouse, and children as follows:

Your			Spouse and Children				Semi-Annual Cost
Pre-retirement Amount	Amount Continued at Retirement	Semi-Annual Cost	Pre-retirement Amount		Amount Continued at Retirement		
			Spouse	Child	Spouse	Child	
\$ 3,000	\$ 1,500	\$ 3.25					
7,000	3,500	12.25					
8,000	4,000	15.00					
10,000	5,000	20.00	\$ 2,000	\$1,000	\$1,000	NONE	\$ 2.25
12,000	6,000	25.75	4,000	3,500	2,000	1,750	8.00
15,000	7,500	33.50	8,000	3,500	4,000	1,750	16.00
20,000	10,000	48.00	10,000	NONE	5,000	NONE	20.00
23,000	11,500	58.50					
30,000	15,000	75.00					
35,000	17,500	87.50					

If you desire to convert 50% of your present life insurance, write within 31 days before your coverage terminates to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. You may continue this coverage until January 10 or July 10 which coincides with or next follows your attainment of age 70. You will be billed on a semi-annually basis on January 10th and July 10th. At age 70, this coverage will terminate and you may then convert the amount of life insurance carried with SAMBA on you and your spouse to a regular policy with The Prudential Insurance Company of America.

At retirement the 50% of SAMBA Life Insurance that cannot be continued with SAMBA may be converted to a regular policy with Prudential on you and your spouse, but not on the children. The premium will be the same as if you and your spouse applied for an individual policy at that time. You may make the necessary conversion arrangement through the nearest Prudential Office.

**SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)**

If you are a member of SATI upon retirement, you cannot continue the Long Term Disability (In-Hospital Income, Salary Continuation and Pension Supplement). You may continue the Accidental Death, Dismemberment and Permanent Total Disability and the Accident Indemnification at the same rates and amounts to age 65. You may also continue the coverage on your spouse to age 65 and your dependent children to age 18 (or 23 if full-time student.) Upon attainment of age 65 you may only continue the Accidental Death and Dismemberment but not the Permanent Total Disability portion to a maximum of \$25,000 on you and your spouse to age 75. The cost will be 19¢ per month per thousand. Upon the death of an insured employee, the insured spouse and dependent children may continue their insurance until age 65 or age 18. The Accident Indemnification cannot be continued after age 65. If you retire due to disability, and belong to SATI, you should contact Wright and Company, Suite 1222, 1001 Connecticut Avenue, N. W., Washington, D. C. 20036.

Mr. L. Patrick Gray, III  
Acting Director  
Federal Bureau of Investigation  
Washington, D.C.

Dear Mr. Gray:

This letter is to respectfully request your permission for me to retire as Chief of the Name Check Section, General Investigative Division, effective at the close of business June 30, 1972.

On June 22 I will have completed thirty years of service as a Special Agent and would appreciate the opportunity of spending more time with my family. My decision to request retirement is not a hasty one and was reached only after long deliberation and discussion with my wife and we both have wished for me to complete thirty years of service.

I have always tried to give the Bureau the utmost of my ability and to live up to its standards and principles. In turn the Bureau has certainly rewarded me - not only in a monetary sense but by giving me increasing responsibilities. However, my greatest reward has been in knowing I was associated with such an outstanding organization. I have always been proud to identify myself as part of the FBI and will always hope my small contribution has helped the Bureau. I will always feel a deep sense of pride in having been chosen to be a part of the greatest law enforcement agency in the world.

Leaving the Bureau will, I know, leave a large void in my life and activities which will be extremely difficult to fill. The associations I have enjoyed and the friendships I have made in the Bureau over the years with the finest and most dedicated group of individuals I know will always be a source of pride and pleasure to me.

Mr. Hoover was most gracious in personally presenting me with my ten-year key as well as my 20th and 25th service keys and if your schedule permits I hope you will do me the honor of personally presenting my 30-year key and affording me the opportunity to meet you personally and to say good-bye.

I have dedicated almost half of my life to the Bureau and assure you that my interest in it will continue through the rest of my life and I will always be ready and willing to assist in any way possible in the future.

Sincerely,

George A. Scatterday

PERSONAL

Mr. George H. Scatterday  
Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Scatterday:

I note that today marks your Thirtieth Anniversary with the Federal Bureau of Investigation and I wish to take this opportunity to extend my heartiest congratulations. In recognition of this event I wish to present your Thirty-Year Service Award Key.

Our work, coping as it must with the handiwork of human frailties, is by its very nature a never-ending task. For that reason it is particularly gratifying to have associates like you who have made the job a lifetime career. To our less experienced associates in the Bureau, you have proved yourself an invaluable instructor and counselor and have been a most stabilizing influence. You have also kept abreast of our problems in a commendable fashion.

I hope you will always wear this Key as a tangible symbol of your many years of loyal devotion to duty.

With best wishes and kindest personal regards,

Sincerely, **REC-138**

Pat Gray

  - a. Death.
  - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least 5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to accrue not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
  - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
  - d. Any other reason, if the employee desires to convert his life insurance, except under the following circumstances:
    - (1) Employee waived or declined on SF 176 (or SF 176-T);
    - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
    - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees' Group Life Insurance.
2. If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 2801) with the Civil Service Commission.
3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the Application for Retirement and give duplicate of SF 56 to the employee, [NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the "FINAL" Individual Retirement Record (SF 2806).]
  - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign, attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.

*James H. [redacted]* at the White House called Felt on 6-21-72 and requested that the Bureau furnish the names of seven or eight recently retired agents who could be considered to replace James McCord, Jr. McCord, who had handled security matters for the Republican National Committee and the Committee to Re-elect the President, was one of five persons arrested on the raid of Democratic National headquarters on 6-17-72. The person to be employed need not be qualified technically in electronics or technical matters but rather should be an administrator who will "contract out" any technical work.

Attached is a list of seven retired FBI agents whose names could be furnished to *[redacted]*. All had good records in the Bureau, are competent and could be expected to do a good job if engaged for the purpose indicated. The list indicates the age, length of service, and the position held when the employee left the Bureau. Some are retiring effective 6-30-72 and will be officially on the Bureau's rolls through that date. *R*

## RECOMMENDATION:

That you indicate whether you wish the attached names to be furnished to *[redacted]* for possible employment by the Republican National Committee and/or the Committee to Re-elect the President.

Honorable L. Patrick Gray, III  
Acting Director  
Federal Bureau of Investigation  
Washington, D.C. 20535

Dear Mr. Gray,

This note is to express the personal thanks of my wife and me for your authorizing the Former Agents Society to tour the new Academy at Quantico last Saturday. As was expected by those of us who had been in the Bureau, everything was handled in an effective, efficient, interesting and friendly manner. The new Academy is a far cry from the training school of years ago and certainly should contribute substantially to more effective law enforcement in the future.

REL 102

316195-314

Having recently retired from the Bureau, it is very encouraging to see the interest which former Agents, including those who left many years ago, still have in the Bureau and its welfare and I am sure their support of the Bureau will continue.

With every good wish for the future.

Sincerely,

*George H. Scatterday*

I am certain Mrs. Kelley will find her new fur coat is the warmest one she has ever had.

Dear Mr. Kelley,

After 30 years "in the Bureau", it was a most exhilarating experience to be present at the Dedication of the J. E. Hoover Building.

The Reception following the Ceremony was delightful, seeing so many, many old friends and George's fellow workers, and having a chat with you.

A few days ago, we received an early Christmas present, - a flattering color picture of ourselves with the Director! It is being framed and will take its place beside our previous treasures of tremendous experiences in the Bureau.

Gratefully,

Mrs. MAY SCATTERDAY, wife of  
former SA George Scatterday, called.

She said that last night at 1 o'clock she saw the "Tomorrow" show on television with the Director, Mr. Murphy, and the Sheriff and she thoroughly enjoyed it. She thought the Director handled the questioning beautifully and he also looked dignified and she was so thrilled that she called the station. She told them she liked it very much and thought in view of the fact the subject is such a hot one that it should be put on at a more feasible time. She said she was sure many people were looking at it, but she suggested it might be good to put it on at a more feasible time so others might see it. She said the man thanked her for the suggestion and said he would pass it on, and she said he seemed pleased that she called.

I thanked her for calling and told her I would advise the Director of her call and I knew he would appreciate her kind words.

Honorable Clarence Kelley  
Director  
Federal Bureau of Investigation  
Washington, D.C. 20535

Dear Clarence:

*George H Scatterday*

When you originally announced  
would retire as Director as of January 1,  
that date seemed well in the future, but  
is now almost upon us (although recent  
items indicate your departure will be slightly  
delayed).

Although we have known each other  
for many years and I have frequently reminded  
myself to request your photograph, I suddenly  
realize I have not done so, and this letter  
is to request your autographed photograph to  
place with that of Mr. Hoover. I would greatly  
appreciate it.

Mae and I are looking forward to see-  
ing both you and Shirley on December 15.

Sincerely,

*George*

Dear Mr. Sharp:

Prior to my retirement in 1972 I had my 20 year service key made into a ring, which, unfortunately, I lost last year.

Lee Colwell advised my wife I could obtain a replacement key and suggested I write to <sup>you</sup> and enclose my check in the amount of \$55.79. Accordingly, I am enclosing my check for that amount, payable to the F.B.I., for a replacement 20 year service key.

For your assistance, I entered on duty as a Special Agent in June 1942 and retired on June 30, 1972 with 30 years of service.

When ready, please <sup>E</sup> forward the key to me at the above address.
